SPRING CLEAN-UP GUIDELINES

The City of Litchfield will offer **SPRING CLEAN-UP** the week of **April 25th**. Pick-up will begin in Ward 1 and continue through each of the additional wards accordingly. Residents are asked to have their **items at the boulevard by 7:00 am on Monday, April 25th, but not before April 18th as it is a code violation.** *Appliances will be picked up once staff has completed the rotation through all four wards.* NO BUILDING MATERIALS, TIRES, BRUSH, RAILROAD TIES, PAINT, HOUSEHOLD TRASH OR ELECTRONICS will be taken. Items should be placed in a central location; disposable containers should be used and must weigh less than 70 pounds. If trash cans are used, they will be disposed of. Items may be no larger than a household couch or mattress. Staff will not pick up torn down structures, fire damaged structures or out of town trash. **Crews will make only one pass on each street.** All items left on the boulevard that are not eligible for pick-up are a code violation and may be subject to a citation. Residents are encouraged to use their regular trash service to dispose of unwanted items other than larger ones. Most items put out for clean-up can be handled by your regular trash pick-up service provider. The City appreciates the cooperation of the citizens to abide by these guidelines. For questions or clarifications, please call 217-324-5253.
